PROFESSIONAL SUMMARY

Frontend Developer with a strong foundation in HTML, CSS, and JavaScript. Focused on building clean, responsive and user-centered interfaces. Currently seeking my first opportunity to grow, learn and contribute to real-world projects.

PROJECTS

Web E-commerce (Jóvenes a Programar – Plan Ceibal)

- Built a responsive e-commerce application using HTML, CSS and, JavaScript
- Implemented product filtering, sorting and shopping cart functionality
- Developed user profile features, dark mode and checkout flow
- Used local storage for data persistence

Candles Landing Page

- Designed and developed a modern landing page focused on UI/UX
- Implemented responsive layout
- Focused on visual aesthetics and user experience

WORK EXPERIENCE

Box Office Assistant – **Movie** *June 2026 - July 2026*

- Processed 400+ ticket sales and customer transactions per shift using self-service kiosks and POS systems, ensuring accuracy under high-volume conditions.
- Resolved customer issues in real time, maintaining service quality during peak demand periods.

Sales Assistant – **Lojas RENNER** *July 2022 - March 2026*

- Managed online order fulfillment (40-50 orders daily) using internal digital systems, maintaining high accuracy and meeting strict deadlines.
- Analyzed sales data using Microsoft Power BI to generate weekly reports and support data-driven business decisions, tracking key performance indicators (OKRs).
- Supported visual merchandising initiatives and digital sales channels, contributing to product presentation and customer experience improvements.
